# Endura™/Delica™ CLIPIT™

## Technical Data and Features

**GENERAL:** Designed in response to loyal CLIPIT owners who requested a lighter CLIPIT, these models have become an immediate classic. Providing the proven performance of standard CLIPITS, these high-tech models save weight without compromising strength. Like all CLIPITS they open with one hand.

**BLADE:** Composed of G2, the chrome-moly, high-carbon stainless steel blade resists abrasion. It opens one-handed because of our patented Hole-Opener system and favors edge retention over rust resistance. Available with PlainEdge or SpyderEdge serrations, it features a satin finish.

**HANDLE:** Tough DuPont Zytel® scales are nearly indestructible. Fabricated from the same glass-filled, thermoplastic resin as motocross motorcycle rims, these multicolor scales feature an integral clothing clip. The Volcano Grip pattern provides friction even with wet hands. Available in right-hand models only.

**LOCK:** The H. McBurnette/Al Mar design enables the knife to be closed with one hand. The positive front lock prevents the edge from "bottoming" when in closed position.

**DESIGNER:** Sal Glessner, Golden, Colorado

### DIMENSIONS:

	Endura™		Delica™	
Overall Length - Open:	8.75"	(220 mm)	6.63"	(175 mm)
Overall Length - Closed:	4.75"	(121mm)	4.00"	(102 mm)
Cutting Edge Length:	3.50"	(89 mm)	2.50"	(64 mm)
Blade Thickness:	.12"	(3mm)	.10"	(2.5mm)
Overall Thickness:	.60"	(15mm)	.55"	(14mm)
Weight:	2.72 oz.	(77 gr.)	1.76 oz.	(49.8 gr.)

U.S. and Foreign Patents. Other Patents Pending.
